VOL. CXXXVII.—No. 144. ALEXANDRIA, VIRGINIA, FRIDAY, JUNE 17, 1921. PRICE TWO CENTS

REPUDIATES BIG UNION IDEA OF A. F. L.

Ask Congress to Pass Japenese Exclusion Law

STORM OVER KU KLUX

Majority Against Boycott of English Made Goods—To Investigate Southern Cotton Mills

Denver, June 17.—The American Feedration of Labor, by unanimous vote, today repudiated the "one big union" idea.

Without discussion, a resolution presented by J. L. Pauley, of West Virginia, calling for "one body of workers through amalgamation, federation and protective agreements," was rejected. It also urged all national and international unions to insert clauses in the working agreements whereby they can "render such assistance as is needed by any and all crafts when called upon to do so."

Another blow at radicalism in the ranks of American labor was struck today when President Samuel Gompers, of the Federation, announced that the executive council had repudiated finally and completely the International Federation of Trade Unions as it is now conducted.

The Irish fight and the recridence of the boom for John L. Lewis, the miners' leader, to succeed President Gompers overshadowed the real work of the convention. This included the passage of resolutions asking Congress to pass a Japanese exclusion law, placing subjects of the Mikado on the same footing as Chinese, calling for a Congressional investigation of Andrew Furuseth's charge of conspiracy to destroy the American Merchant Marine; asking for an investigation by Congress of conditions in southern cotton mills and providing for an intensive organizing campaign on the Northwest logging camps

The convention also authorized a special committee of five to investigate unemployment and possible Congressional relief. It declared "Congress should appropriate money in peace times for necessary public works and when a panic develops there should be work for the unemployed."

The convention was thrown into confusion when several delegates denied the negro delegation permission to introduce a resolution condemning the "mob violence" of the "Ku Klux Klan," or "White Caps" of the South The resolution urged that steps be taken to have the Government abolish this unlawful organization known as the Ku Klux Klan, or White Caps," and that the Federation use its "best endeavors to protect organized labor as represented by the colored workers."

The Rev. G. S. Lacklund, of Denver, who followed shortly after, restored the good feeling of the convention by a vigorous denunciation of Pittsburgh business interests refusing to assist the Young Women's Christian Association because of its activities in labor matters.

The split in the Irish group is due to the insistence of Boland-Walsh agents here that the convention proclaim a boycott upon all English made goods.

This the majority of the Irish group, including such men as Peter J. Brady and Timothy Healey, of New York. Michael J. McGuire, of San Francisco; John J. Hynes, of Boston, and Phillip G. Murray, of Pittsburgh, found could not be put through the convention. The Irish caucus Monday night therefore voted to submit a resolution calling for the recognition of the Irish Republic and for an active propaganda by the Federation for Irish fredom and for the repayment of the $9,000,000,000 in war loans and accrued interest now due from England.

Lewis' boom has set the politicians' milling about the hotel lobbies in an effort to make a coherent tale out of deals and rumors of deals that are to result in the retirement of the veterans' Gompers. Lewis refuses to take a position in the matter. He has been subjected to heavy pressure on the part of strong interests in the Federation, such as the carpenters and the machinists to allow the use of his name.

The vote to ask investigation by Congress of the shipping situation was preceded by Andrew Furuseth reviewing the strike of May 1. In this he repeated the charges made in New York of an international conspiracy. Proofs of this, he said, could be obtained by any committee of Congress. This, he said, could be done for the protection of American interests.

Thomas F. McMahon, acting president of the United Textile Workers, presented the argument for an investigation of Southern cotton mills. "Necessary, he said, "for the protection of the babies employed in them"

Conditions, he charged, were particularly bad in North Carolina, South Carolina, Georgia and Alabama, but worse of all in North Carolina. As an example of what is being done in wage reductions, he declared that in one mill the wages of women had been reduced from $27 to $7 a week

The case of so-called political prisoners was presented to the convention by Mrs. Lucy Robbins, of New York. Colonel Giney Oxley, of head quarters station of the American Legion, also addresses of the convention. the latter paying a big tribute to the late Colonel Galbraith.

BAD THROAT SAVES WOMAN FROM JAIL

New York, June 17.—Judge Bayes, of Kings County, Wednesday, deferred sentencing a woman charged with burglary on account of her peculiar ailment.

The ailment is described as hypothyroidism, an affection of the gland in the larynx and, according to physicians, is believed to create certain criminal tendencies.

The woman, Mrs. Fannie Liebowitz, mother of five young children, previously served a three year sentence at Auburn.

As she was about to face arraignment and a subsequent prison sentence the court was handed a written statement signed by Dr. Ernest N. Vaughn, medical examiner for District Attorney Lewis, asking sentence be deferred to permit the woman to undergo treatment.

Hypothyroidism, as explained by Dr. Vaughn, is a lack of certain oils in the glands of the larynx. This is said to cause a dull mentality.

CANOEISTS FIND WOMAN RESCUED IS OWN SISTER

Gettysburg, June 17.—Just glimpsing the disappearing head of a woman as they were paddling a canoe on the Conewago Creek near New Oxford, George and Howard Shultz, of Hanover, arrived at the scene in time to grasp her as she was going down for the third time.

They were astounded when they got the unconscious woman into the light craft to find that it was their own sister, Mrs. Edna Karns.

Pioneer's Outing

Will Go Into Camp Near Leesburg, July 26

"Camp Rust, July 26 to August 5," is the official anouncement sent out from Pioneer headquarters at the Y. M. C. A., by the chief pioneer, Secretary Wallace.. He has just returned from the camp site on the farm of David N. Rust near Leesburg, and pronounces it perfect.

The camp will be located three miles from Leesburg on Goose Creek near the Leesburg hydro-electric power plant dam and will be in the most ideal place imaginable. The place is heavily wooded and surrounded by immense boulders which gives it a most primative appearance.

Near the camp is a wide open stretch for camp activities where base ball, volley ball, setting up exercises, games, etc., will be indulged in by the boys during their ten days' sojourn in the woods. The site is perfectly drained and no camp could have better sanitary surroundings.

Mr. Rust has provided the site for the camp and wood for cooking and is in every possible way attempting to make the camp a delight to the boys. Mr. Wallace says that the camp will be limited to thirty-five boys and only boni fide "Pioneers" will be admitted. This is because these boys are already organized and have had the necessary preliminary training for admittance.

The Pioneers of the city have been saving their money for months for the camp, but just for their transportation and food. The equipment is being provided by friends. One good friend has provided the camp range and cooking equipment while others are providing other permanent equipment. Other friends have offered to assist needy Pioneers who cannot afford the entire camp expense. If you feel the big brother spirit just communicate with Mr. Wallace and make some youngster happy for ten wonderful days.

Doctor Blames Thyroid Glands For Woman Burglar's Crimes

New York, June 17.—Thyroid glands today were blamed for criminal tendencies, and the law, bowing before medicine, deferred sentencing a woman burglar pending an experiment to determine whether she could be restored to normalcy.

The woman was Mrs. Fannie Liebowitz, of Brooklyn. Judge Bayes, of Kings county, represented the law and Dr. Ernest H. Vaughan, attached to the District Attorney's Office medicine.

Mrs. Liebowitz, who, the police asserted, had a prison record, recently confessed to a burglary. Dr. Vaughan at the direction of the court, examined her and reported that she was suffering from hypo-thyroidism—a disease resulting from drying up of secretions, but rarely manifesting itself in criminal tendencies. He expressed the belief that, throuh indirections, her tendency toward chime could be dissipated.

MUSICALE GIVEN AT ST. MARY'S ACADEMY

Excellent Program by Pupils of Music Class

HARP AGAIN IN FAVOR

Music Lovers Express Keen Appreciation of Program—Thirteen Numbers Are Given

Lovers of music were delighted with the fine program presented last evening in the Academy auditorium by pupils in the advanced classes in piano, violin harp and vocal. Many of the girls showed marked improvement in technique and interpretation since their last public playing.

All the numbers were well rendered and it would hardly be fair to discriminate in favor of one or other since all were equally delightful to the audience who showed their appreciation in a way not to be mistaken.

The stage was very prettily decorated forming a pleasing background for the two beautiful harps that occupied the center of the stage. It is to be noted that the harp is coming in favor with music pupils and the sisters have quite a large class now in harp and violin as well as piano. The solo by Miss Dorothy Vogel was particularly interesting as showing this work in piano, composition by one of the Holy Cross Sisters.

The closing chorus was given with in St. Mary's vocal department and Mrs. Jennings upheld [illegible] traditions in her beautiful rendering of Hahn's Song "Could My Song With Song Birds be Vying."

The complete program follows:

TODAY'S THOUGHT. Cato used to assert that wise men profited more by fools than fools by wise men; for that wise men avoided the faults of fools, but that fools would not imitate the good examples of wise men.

Plutarch.

World's Standing Armies.

In the Congressional Record of recent date appears a tabulated list of the world's standing armies. The list furnishes argument to both the pacifist and the militarist. The mere figures mean nothing. But a close study of the various conditions, historic, geographic, racial, political, economic and commercial will do much in shedding light on a complicated question. For instance, Switzerland, a country that has had fewer wars in the past hundred years than any other nation in the world, has the largest standing army of any nation, in proportion to its number of inhabitants, its regular army constituting 4 1-4 per cent of its population, and being larger than that of the United States as proposed under the bill now up in Congress. The United States has twenty-five times the population of the little Swiss Republic. Greece has 3 2-10 per cent of its population in its regular army; Poland, 2.71 per cent; France, in 1911, 1.85 per cent; Italy, 1.26 per cent; Norway, 1.25 per cent; Spain, 1.05 per cent; Denmark, .94 per cent; Great Britain, .93 per cent; Hungary, .33 per cent; Austria, .30 per cent; Mexico, .56 per cent; Chili, .50 per cent; Venezuela, .31 per cent; Argentina, .27 per cent; and the United States, .21 per cent.

That is to say, this country has the smallest regular army in proportion to its population, of any of the important nations of the world.

Woodrow Wilson, before he went out of office, urged that we have an army of 300,000 officers and enlisted men. That was his opinion, based on our experience in the most terrible war in history. He vetoed a bill which Congress passed, because it provided for an army of only 175,000 men. Wilson's secretary of war, Baker, in 1914 an avowed pacifist, urged in 1919-20, in the strongest possible language that this country keep, for the present at any rate, an army of 300,000 men.

Mr. Bryan's famous remark about a million men springing to arms in defense of their country over night, in the light of subsequent events has become so nauseating that its mere repetition arouses a sustained mental eructation. The difference between Mr. Bryan and Mr. Baker is that the latter gentleman imbibes wisdom from experience while the former is a confirmed apriorist.

As for ourselves, we have the profoundest respect for any opinion advanced by Woodrow Wilson. And when his philosophic mind, emerging at white heat from a frightful world-war in which his own responsibilities almost surpassed human endurance, pronounces on any measure of preparedness for the common weal of our country—we should almost reverse our own judgment without further study, if in disagreement.

Wherefore, premises considered, we are of the opinion that Switzerland's high percentage of soldiery has somewhat to do with her immunity from wars when the rest of Europe has been drenched with blood and shaken to convulsive tremors by the tread of marching men!

Diener's Statistics

For lack of space the other day we were obliged to omit from Mr. Irvin Diener's instructive address before the Ad Club, his carefully prepared tables of comparative prices. We think them, however, so informative that we print some of them herewith. They need no comment. The prices apply right here in Alexandria, and are convincing that our local merchants are not only up to date, but close students of the trend of merchandise values and current business conditions.

In women's wearing apparel, coats that were $75 in 1920, are $50 today, a reduction of $25. Suits at $60 in 1920 are now $45. Jersey suits at $27.50 in 1920, now $15.00. Dresses at $50 in 1920, now $27.50. Corsets at $5.00 in 1920 are now $4.00. Knit underwear in 1920 at 75 cents, now 50 cents. Muslin underwear that sold at $1.50 last year, now is priced at $1.00. Silk hosiery, 1920, at $3.00, now is $2.00. Lisle hose then at 89 cents now brings 59 cents, Kid gloves then at $5.00, now at $3.00. Silk gloves last year at $1.50 is now selling at 50 cents. Handkerchiefs that brought 50 cents, can now be had at 25 cents. Bungalow aprons then at $3.00, now at $1.75. Plain aprons then at $1.00 now fetch 59 cents.

Mr. Diener spent considerable time in his researches, and presented to the Ad Club a complete list of dry goods, shoes, and other articles of men's and women's wear. He likewise investigated the prices of many lines of groceries here in Alexandria and found the same general reductions prevailing. He thoroughly convinced the members of the Ad Club that the retail merchants of this city have not only kept pace with the wholesalers in a return to normalcy, but that in many instances our shrewd buyers have taken advantage of unusual opportunities in the New York markets, of all of which the men and women of Alexandria have had the benefit.

We congratulate the Ad Club on this painstaking and illuminative address, and compliment Mr. Diener on his thorough work.

The coolness and comfort of a Sport Shoe is going to keep you at ease and feeling fit whether you're "teeing off" or just lazing around.

You really ought to have the model pictured this summer. It's smart enough for any company. And if you've been a "stickler for conservatism in footwear just remember the downright practical side of foot freshness and freedom of action that you'll get in a canvas or buckskin Oxford when the sun is hot enough to "broil."

Here's hoping you'll take advantage of our efforts to keep you cool and comfortable this summer.

HAVE YOU EVER BOUGHT ANY STOCK?

If you have then you will be more than interested in our offer.

We have the most complete Information Bureau in the country on unlisted stocks and bonds.

We are offering for two weeks only a complete book covering all points connected with the purchase of stocks or bonds written by men who have had many years experience in the securities business.

We also include in this offer a market report on all unlisted stocks and bonds, and allow two reports on this contract.

The above mentioned books may save you many times its cost for the following reasons:

1st. It explains promotions in plain English so that any man, woman or child can understand thoroughly the operations of the 20th Century promoter.

2nd. It explains how to detect frauds in stocks and thereby protect your savings.

3rd. It will enable you to talk intelligently to any one offering you an investment which may be a good one.

Our book is not offered to the public with the idea of hampering any legitimate enterprise but simply to aid the general public in determining what to do in the the event of their being offered stock or if they have already purchased some, How and Where to Sell.

We are not connected with any brokerage houses and when offering a market report list all brokers making a bid on the specified stock with their relative offers.

The above book and report service sells for $1.00 and we do not hesitate in saying that you will find both to be worth many times the price asked.

Wellesley, Mass., June 17.—Punishment of four students of Wellesley College, three of them seniors, who attended a dance of a character considered unsuitable for a public place, was announced by college authorities today. None of their names was made public.

NURSES' QUICK ACTION FAILS TO SAVE BABY

Lebanon, Pa., June 17.—A nurse's presence of mind in quickly passing Jane Kreider, 4 months old, of Annsville, from one side of an automobile, to its mother, opposite her, failed to save the child's life here yesterday wehn a trolley struck the auto on the William Penn Highway. The baby died almost instanly.

John H. Kreider, the baby's father, who drove the car, received lacerations of the scalp and contusions. The nurse and mother escaped injury. The auto was hurled 35 feet into a field by the force of the impact.

CRAB SHORTAGE IN CHESAPEAKE BAY

Delmar, Del., June 17.—Crabs have become so scarce in the waters of the Chesapeake Bay, due it is said to winter dredging of the crustaceans, that Secretary of Commerce Hoover has called a conference, to be held in Washington tomorrow, of men in Delaware, Maryland and Virginia who are interested in the industry. Crabbers who have been working for two months, report catches so small that many have failed to meet expenses. There are plenty of small crabs on the bottom of the bay, crabbers report, ut they are of such size as not to be marketable Crab packers, who usually have four or five months in whic hto pack crabment for winter consumption, have hardly started operations, and those that are operating are not receiving a sufficient number of crabs to make business profitable.

STUDENT GIVES LIFE TRYING TO SAVE FRIEND

Troy, N. Y., June 17.—Two Rensseaer Polytecnnic Institute students of the class of 1922, H. Loomis Humphreys, of Albany, and Marshall Milford Tuttle, of Spokane, Wash., were drowned this afternoon in the Hudson River above the government dam.

They with two others, were surveying when the boat capsized in rough water. The other two swam ashore, but Humphreys gave his life trying to save Tuttle. The bodies were recovered about an hour and a half after the drowning, not more than 25 feet from the shore.

IDLE HOUR

Although perhaps not the first time on record, but nevertheless unusual and interesting is the statement from National Picture Theatres, Inc., that there are only two women principals in the Ralph Ince production "Out of the Snows," which comes to the Idle Hour Theater tomorrow.

These two parts are given over to Zena Keefe, who plays the part of Anitah, the half breed Indian girl, and Gladys Coburn, who is seen as Ruth Hardy, a student at San Gabriel University in Quebec. The balance of the characters in this dramatic story of the Northwest snow country are all powerful, brawny men, who in comparison with the two women characters, loom up like giants.

On Tuesday night the campus of George Mason High School presented a pretty scene. With the out of doors as a background and the north porch of the high school building for the stage, the graduating class of 1921 held their class night exercises Grounds and porch were decorated with flowers, ferns and the class colors of green and gold, add to these dainty dresses of every color, happy faces and the spirit of youth. The "Welcoming Address" was made by Ralph Saffelle, followed by Frank Saffelle, with the "Class History," a chorus sung by girls of the high school, then the "Class Prophecy," by Josephine Shuster, another chorus by the girls, after which the "Last Will and Testament" was given by Thelma Bauckman, a chorus, "Gifts" by Ruth Rowe and last by the "Class Song." At the conclusion of this most interesting exercise the alumni and friends of the graduating class were entertained by the class in the high school building.

Following is the program of the commencement exercises of the George Mason High School, Wednesday evening, June 15, at 8:15 p. m., in Mt. Vernon School auditorium. Overture, Orchestra; Invocation, Rev. J. R. Wood; "The New American Hymn," School; Salutatory, Olgo Rosson; Music, Orchestra; Address, Dr. Collier; Music, Orchestra; Valedictory, Mary Barbour; Farewell Song, Class; Presentation of Diplomas, Mr. Wilkinson; "America," Audience; Benediction, Rev. J. R. Wood. The auditorium was crowded with the students, their families and friends. The music by an orchestra of Arlington county school children was very creditable and quite a feature of the exercises, enjoyed by all. Dr. Collier of the American University, gave a splendid address. Also Mr. Kemp of the school board, had a few words to say in regard to the fine average, and splendid standing of all graduates who have gone from this school to other schools and colleges. Most of this year's class will enter college somewhere next fall.

Today was the last day of George Mason High School and pupils and teachers will now enpoy the vacation. Most of the teachers leave this week for their respective homes

Rev. J. R. Wood, pastor, will preach at both services of Del Ray Methodist Episcopal Church this Sunday.

Mr. and Mrs. Owen Keys had a houseful of guests last Sunday, relatives from Fredricksburg, Manassas and Washington.

Hammond Newton left Rosemont yesterday to join his mother in Blue mont, Va., for a couple of weeks' vacation.

Mr. and Mrs. W. H. Thomas, of Rosemont, with their daughter, and Mr. and Mrs. George Mack, motored to Baltimore this week in Mr. Thomas' new seven passenger "Buick."

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenomel .Take a dose of calomel today and tomorrow you will feel weak, sick ience all the next day like violent cal- and nauseated. Don't lose a day.

"THE SKY PILOT"

"The Sky Pilot," First National's picturization of Ralph Connor's widely read novel of the west, will be the attraction for the two days at the Richmond Theater. "The Sky Pilot" was made under the personal supervision of Cathrine Curtis, and reflects the feminine viewpoint in many of its most artistic aspects. It adheres rigidly to the narrative penned by Mr. Connor and slights none of the romantic sensational or dramatic elements embodied in that recital of a young minister's experiences among hard fighting cowboys in a community that was peculiarly prejudiced against this ministerial activities.

John Bowers, is cast in the title role of this magnificently set subject with its backgrounds of majestic grandeur in the Canadian rockies. In the character of Gwen, the girl of the plains and the mountains, who carried the love of a woman in the heart of a child Colleen Moore has her most fruitful opportunity. Miss Moore will be remembered as the plantive figure of the young mother with Wesley Barry in "Dinty," As the foreman of the ranch who finally becomes the Sky Pilot's closest pal, David Butler is especially well cast

One of the most thrilling climaxes ever screened depicts the stampede of 4,000 infuriated steers over the helpless body of an injured girl, whose life is saved only by the heroism of the Sky Pilot, who waves the beasts aside at the imminent risk of his own life. There is a denoument that places this picture in the same category as "The Miracle Man."

MAN STABS BROTHER IN FIGHT OVER GIRL

Philadelphia, June 17.—Discovery by two brothers that they were both in love with the same girl is said by the police to be the cause of a stabbing.

James iDorrio is at the Pennsylvania Hospital, where he was found to have been stabbed in the abdomen with an ice pick. He may die. He told the police that his broher, Gustave, was responsible for his wounds. The brother escaped.

James told the police that just as they were both about to retire last night, he noticed that his brother had placed the photograph of a girl on the dresser. He saw that it was a picture of his own sweetheart. Explanations followed and the brothers learned that they were both in love with the same young woman.

New Law Makes Big Cut in Italian Arrivals

New York, June 17.—On the forward deck of the Italian steamship Dante Alighieri, where formerly a thousand or more immigrants would have stood viewing New York's skyline, only sixty-two clustered yesterday as the big ship came up the bay.

Italy apparently is still desirous of coming here en masse, but the new law restricting immigration cut the Dante's passengers to a mere handful There were only twenty-one first and seventeen, second class passengers. Among these was Mrs. Blanche Corsalvo, who has been abroad on an operatic tour.

The quota of Italians admissible in June was exceeded earlier in the month but more will get in during July.

FIVE DROWN IN PITTSBURGH SEEKING RELIEF FROM HEAT

Pittsburgh, June 17.—Five deaths by drowning were reported in the Pittsburgh district within the last 24 hours, all the victims being persons who sought relief from the hottest period yet experienced this summer

The dead are: Laverne Young, 16; William Reet, 16; Peter Blitz, 16; Julius Kasnl, 16, and Charles Huber, 35 years old.

Young and Reed started out for a canoe ride on the Ohio river. Later their canoe was found deserted. After a search their bodies were recovered, clasped in each other's arms.

Blitbz was playing about a raft on the Monogahela river yesterday afternoon, when he lost his bnance and fell into water 15 feet deep. Kasnl was seized with cramps while swimming in the Allegheny river. Huber was bathing in the Carpentertown reservoir, when he also was stricken with cramps.

POTOMAC NEWS

Mrs. R. L. Covington has returned to her home on Windsor Avenue, Del Ray, after several days visit in the home of Mrs. S. J. Mallory, in Richmond.

Mr. John Duncan is quite ill at his home in Del Ray.

The town council held a regular meeting last night instead of last Monday night, the regular date, as the school house was in use for commencement exercises. Only routine business was transacted.

While out for a motor ride last night, a party from Del Ray met with an accident which might have be nmore serious than it is. Mr. J. Harding was driving, on Columbia Pike, a car just in front of him stopped suddenly, without warning, so that the car Mr. Harding was driving went into the one in front with such force that the car and occupants were considerably damaged. Miss Mary Barbour was cut and bruised on face and shoulder, and her mother, Mrs. William Barbour, badly shaken up. They were able to return to Del Ray in their own car, and Miss Barbour's injuries were treated by Dr. Yates at his office.

Rev. Willis L. Weyls will preach Sunday morning at Del Ray Baptist Church from the text, "Come and See.'" and at the evening service his text will be, "As the Mountains Are Round About Jerusalem."

The Ladies Aid of Del Ray M. E. Church held a monthly business meeting last evening in the home of Mrs. Carroll F. Kines, on Hume Avenue, St. Elmo.

The lawn fete, supper and entertainment which the ladies "guild" of Emmanuel Episcopal Church held yesterday afternoon and evening at the home of Mrs. J. C. Freeland, in Braddock Heights, was a complete success. Perfect weather conditions and a worthy cause brought out a large crowd which enjoyed the many attractive features of the affair, and resulted in a financial success which is most gratifying to those who had it in charge.

IMMIGRANTS STRANDED BY NEW AMERICAN LAWS

Antwerp, June 17.—The new American immigration laws are causing congestion at the port of Antwerp, especially as regards Poles, a number of whom are being left behind by each steamer, and are unable to find shelter.

SPORTS

The crack Gibraltar Athletic Club baseball team of Washington, will play the Cardinal Athletic Club nine in Alexandria, Sunday afternoon. The Gibraltars gave the Cardinals a good trimming when they met on the white lot in Washington early in the season and the Cardinals are anxious to even up matters with their conquerors.

The Cardinals are grateful to their many friends for the good words spoken in their favor during the past week and will strive in every way to live up to their reputation as a clean and honest baseball club. We do not want the enmity of the citizens of Alexandria, but want the friendship of everybody. If those who have opposed the Cardinals would make an investigation of the manner in which business is transacted, they, too, would be sure to extend a helping hand to the "Oldest Known Independent Sandlot Athletic Club in America. The above claim is not made for bragging purposes, but it shows that the Cardinal Athletic Club is entitled to the respect of every person in Alexandria.

In the Cardinals line up for Sunday's game with the Gibraltars, will

The Alexandria Torpedo Station Baseball team will line up against the Peerless A. C., of Washington, D. C., tomorrow afternoon at 2:30 p. m., on North Alfred street diamond. Next Saturday they will journey to Anacostia to play Bolling Field. A good game can be expected both tomorrow and next Saturday. All of the local fans are invited out to see tomorrow's game. Come one, come all. We hope that the big D's will take enough interest in their home town sport and also in the Salvation Army that is located here to play us a benefit game Saturday, July 16th, at 4 p. m., at Baggett's field. You wanted to play a benefit game with the Triple A's on a Saturday afternoon for the Salvation Army and some how or another it was never played, so here is your chance to play for the benefit of the Salvation Army and on a Saturday afternoon to. Let's fix things up for Saturday, July 16th, at 4 p. m. What have you to say? You claim that it wouldn't be a drawing card for you, but try us and see. Be a game sport.

Tomorrow, at 4 p. m., on Baggett's field, the Big D's will have as their opponents the well known Government Printing Office team. The D's are fortunate to be able to book a team of this class for a Saturday contest as it is by far the best we have were able to book on this day. You will see in Webb and Suess their battery one of the best working in this section, and you are guaranteed a good fast game as this team is not a setup by any means, as it is leading the Department League at present. We trust now that June 15 is here and the half holiday on Saturday is in vogue, that you will come out and bring your friends with you as every effort will be made to book none but first class teams who can put up a real article of ball. Alexander and Stevens are the probable batteries with the usual lineup afield.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Compare the Cost to health, and you're sure to use the pure, delicious cereal drink—
POSTUM CEREAL
instead of tea or coffee.
